

75 Jahre Israel

THE PALESTINE POST

STATE OF ISRAEL IS BORN

THE first independent Jewish State in 19 centuries was born in Tel Aviv as the British Mandate over Palestine came to an end at midnight on Friday, and it was immediately subjected to the test of fire. A "Midnight Alarm" (Howe of Israel) was proclaimed, the battle for Jerusalem raged, with most of the city falling to the Jews. At the same time, President Truman announced that the United States would accord recognition to the new State. A few hours later, Palestine was invaded by Moslem armies from the south, east and north, and Tel Aviv was raided from the air. On Friday the United Nations Special Assembly accepted after adopting a resolution to appoint a mediator but without taking any action on the Partition Resolution of November 29.

Yesterday the battle for the Jerusalem-Tel Aviv road was still under way, and two Jewish villages were taken. In the north, Acre town was captured, and the Jewish Army consolidated its positions in Western Galilee.

Most Crowded Hours in Palestine's History
Between Thursday night and the morning Palestine was through what by all standards must be among the most crowded hours in its history.

For the Jewish population there was the angriest civil life of the few hundred Hagana men and women in the White House line of anti-aircraft guns. They were ready to a full equipped superior Foreign Legion, possibly in need of a victory over a foreigner's machine. Who could not be known, with its communication lines Thursday morning, was whether and to what extent the Hagana would accept the UN partition plan. The Hagana would accept the UN partition plan, but the Hagana would accept the UN partition plan, but the Hagana would accept the UN partition plan.

Gestern wurde bzw. heute wird Israel 75 Jahre alt. (By the way: Wer sind eigentlich exakt diese „Palästinenser“?)

Eine Diskussion über das Thema israelisch-arabische Beziehungen scheidet meistens schon im Ansatz, weil die meisten Leute, die meinen, ihr Maul „kritisch“ über Israel aufreißen zu müssen, die historischen Fakten weder kennen noch wissen wollen. Ich habe auch keine Lust mehr, mit „Israel-Kritikern“ zu diskutieren, auch wenn diese Juden sind.

[Israelischer Unabhängigkeitskrieg](#) 1947 - 1949

„Das Ziel der arabischen Allianz, die den UN-Teilungsplan nicht akzeptierte und das Existenzrecht Israels bestritt, war die Beseitigung des entstehenden jüdischen Staates.“ Noch Fragen?

„Der Krieg begann mit einem Überraschungsangriff Ägyptens und Syriens am 6. Oktober 1973, dem höchsten jüdischen Feiertag Jom Kippur, auf dem Sinai und den Golanhöhen, die sechs Jahre zuvor von Israel im Zuge des Sechstagekrieges erobert worden waren.“ Noch Fragen, wer angefangen hat?

Die Araber werden sich damit abfinden müssen, dass das gesamte Gebiet, das 1948 sowohl Israel als auch den Staat „Palästina“ umfassen sollte, heute Israel ist und bleiben wird, inklusive der Golan-Höhen, Judäa und Samaria. Ägypten kann froh sein,

dass es [den Sinai behalten](#) durfte und dass Kairo [damals nicht besetzt](#) wurde.

Das Konzept [Land für Frieden](#) ist komplett gescheitert, obwohl die deutschen Journalisten noch daran glauben, und sollte einfach entsorgt werden.
