

Atomic Research Specialists – Urgently Needed

Die KI (*unten*, nicht oben!) entwickelt zum Thema einen schwarzen Humor – vielleicht ist sogar die E-Mail-Adresse echt.

Job Opening: Nuclear Science and Atomic Research Specialists – Urgently Needed

Employer: Atomic Energy Organization of Iran (AEOI)

Location: Tehran, Iran (with potential assignments in secure research facilities across the country)

Start Date: Immediate openings available

Position Summary:

– The Islamic Republic of Iran is seeking highly qualified and committed scientists in the fields of nuclear physics, atomic research, and radiological engineering to support and advance the nation's strategic energy and scientific goals. Successful candidates will join elite teams working at the forefront of nuclear science, contributing to research in peaceful energy

development and national defense capabilities.

Key Responsibilities:

- Conduct advanced nuclear research in both theoretical and applied contexts
- Operate and maintain high-security laboratory equipment
- Analyze and report findings to senior scientific and government officials
- Collaborate with other scientific institutions under state supervision

Qualifications:

- PhD or advanced degree in nuclear engineering, atomic physics, or a related field
- Proven research experience, preferably in a governmental or high-security environment
- Iranian citizenship preferred; international applicants considered under strict vetting
- Ability to maintain discretion and work under classified conditions

What We Offer:

- Competitive government salary
- Access to world-class research facilities
- National honors and recognition for your scientific contributions
- Opportunities for leadership in a critical strategic sector

Important Notice:

- **This position involves a degree of personal and professional risk**, including working in high-security and high-profile environments. Candidates must demonstrate strong commitment, resilience, and loyalty to the mission of the Islamic Republic. Discretion and security awareness are paramount.

Application Deadline: Rolling basis – urgent applications encouraged.
